

Local Nonprofit launches Clothing Initiative

From Jersey with Love (FJWL) presents the Closet of Love, a place where the community can shop, experience great service and receive quality clothing. The Closet of Love is a program created by the founders, Curtis Moreland and Quadai Palmer. FJWL's mission is "to provide aid, opportunities and services to equip, empower and encourage our community." The Closet of Love would do just that.

Each shopping experience is unique! The merchandise is mostly brand new or gently used. People can shop for seasonable clothing and footwear. All are encouraged to make a monetary donation to the Closet of Love. Proceeds collected will be used to fund the acquisition of more products, to keep it open, and reduce costs to run the Closet.

Along with great clothing at great prices, the staff are uplifting, encouraging and provide a warm experience to keep the community coming back. At checkout, all items are folded and bagged. Enclosed in each bag is an encouraging quote. The staff understand the community feels no one cares for them. They go above and beyond to prove someone does!

Community leaders are encouraged to contact FJWL to learn how to become a community partner. To get your own shopping experience, come to FJWL's Administrative Office, 115 Dewitt Avenue Asbury Park, Wednesdays & Thursdays 3pm to 8pm or by referral from one of their community partners. The Grand Opening is Wednesday, October 23, 2019 at 3pm.
